PRESIDENT: The time allotted for questions has expired. I want to put it for the consideration of the House whether it will not be desirable for the members, even in respect of questions which have been starred and for which they were to get oral answers, to treat the remaining starred questions as unstarred, so that such questions and their answers may also be incorporated in the proceedings. That will help them to get answers to such of their questions as could not be answered orally on the floor of the House on account of the clock stricking twelve. If they come into the proceedings, members can go through them and, if necessary frame, fresh questions for the next session with respect to the same subjects. If the House is agreeable to the suggestion, that can be so arranged.

MR. P. K. NARAYANA PILLAI (*Ambalapuzha I*): So far as our party is concerned, we are agreeable to the suggestion.
